How Your Support to 29th Colorado River Scramble is used

One Hundred percent (100%) of net revenues after the golf tournament expenses are expended on the programs for the children of the community. Examples of these programs are:

- **Scholarship program** – encourage and assist High School Seniors to continue their education and service contribution beyond high school. The Kiwanis Foundation expended \$18,500 for scholarships in 2022 and \$284,500.00 in the past Twenty-one years.
- **New Driver Education** – with the School District and Garfield County Sheriff providing special training program for beginning drivers and awareness for making correct decisions while operating a motor vehicle.
- **Winter Ecology** - fourth graders are provided a winter outdoor experience on Grand Mesa including winter survival skills and how to use snowshoes. This program was initiated through Colorado Parks and Wildlife.
- **Key Club, Builders Club and K-Kids** – these are Kiwanis sponsored clubs at the High, Middle and the Elementary School where the students acknowledge the value of helping others, the importance of teamwork and leadership. Their participation develops a sense of community and service.
- **Terrific Kids** – designed to recognize elementary school students that exhibit exemplary behavior.
- **Other activities** – Kid's Christmas party, Easter egg hunt, Middle School Homework Help, and other events as they arrive.
