### *How Your Support to 30<sup>th</sup> Colorado River Scramble is Used*

---

One Hundred percent (100%) of net revenues after the golf tournament expenses are used on the programs for the children of the community. Examples of these programs are:

- **Scholarship program** – encourage and assist High School Seniors to continue their education and service contribution beyond high school. The Kiwanis Foundation expended \$14,500 for scholarships in 2023 and \$299,500.00 in the past twenty-two (22) years.
- **Drivers Education** – with the School District, Garfield County Sheriff and Parachute Police Department provide special training program for beginning drivers and awareness for making correct decisions while operating a motor vehicle.
- **Winter Ecology** - fourth graders are provided a winter outdoor experience on Grand Mesa including winter survival skills and how to use snowshoes.
- **Key Club, Builders Club and K-Kids** – these are Kiwanis sponsored clubs at the High, Middle and the Elementary School where the students acknowledge the value of helping others, the importance of teamwork and leadership. Their participation develops a sense of community and service.
- **Terrific Kids** – designed to recognize elementary school students that exhibit exemplary behavior.
- **Other activities** – Kid's Christmas party, Easter egg hunt, Middle School Homework Help, Bike Rodeo and Bike Safety Day and other events as they arise.
